

THE ENGRAVER'S SIGNATURE

The Grand Master Engravers are proud to express their full skill on the prestigious Premium Grade Beretta guns. Whether the technique is that of the hammer and chisel; or of the burin guided by the engraver's artful touch; or of the gold wire inlay (the technique of the ancient Egyptian goldsmiths), the result is unquestionably a masterpiece in miniature.
Floral motifs, traditional game scenes, exotic subjects, English fine scroll, mythological scenes, gold inlaid animals…the most sophisticated and varied engraving styles can be executed on the Beretta Premium Grades. When this work of art is completed, the engraver rightfully inscribes on it his signature, authenticating his personal and unmistakable style, and guaranteeing the status of these guns as unique expressions of the gun-maker's art.

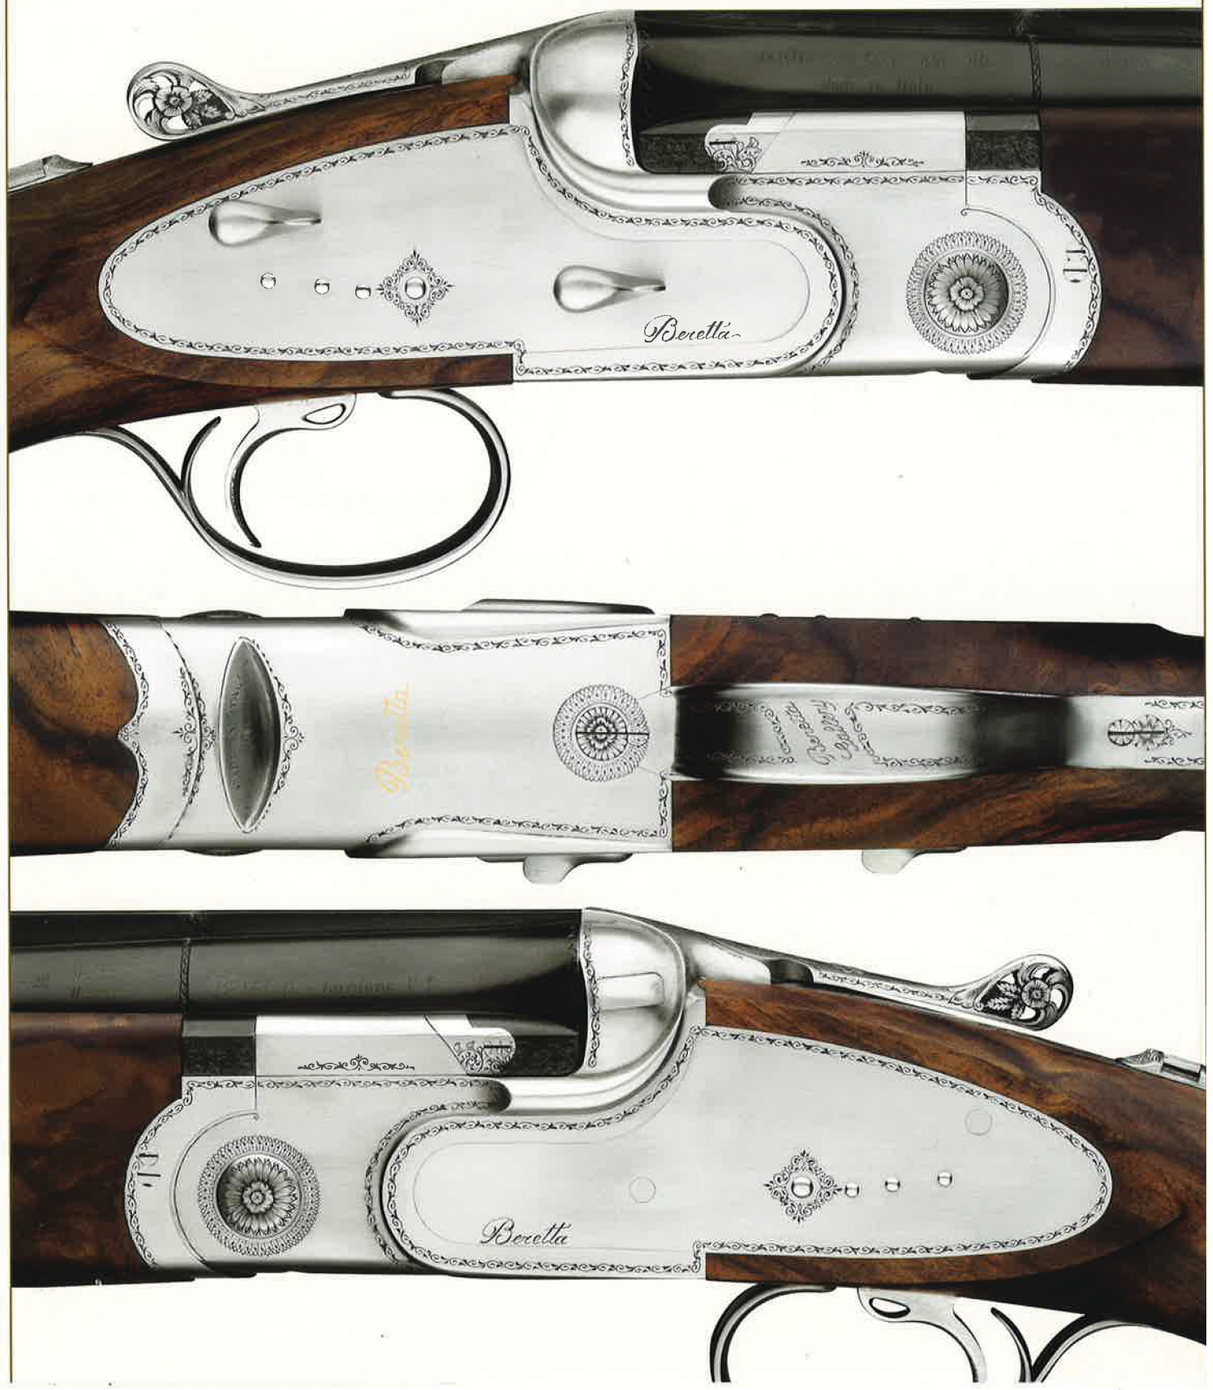

Liberty style contours and ornamental motifs.
"Beretta" gold inscription on the floor plate.
