

CENTERFIRE

BULLET SELECTOR GUIDE

BONDED SOFT POINT

- Consistent copper jacket bonded to lead core
- Increased weight retention
- Large expansion
- Deep penetration

Fusion®
Internal skiving in nose of bullet ensures maximum terminal effect.

Other offerings in this category:
Trophy Bonded® Bear Claw®

BONDED TIPPED

- Match-grade long-range accuracy
- Lethal terminal performance at all distances

Terminal Ascent™
Go beyond what you ever thought possible. Bonded construction penetrates deep on close targets, while the patented Slipstream™ polymer tip initiates expansion at velocities 200 fps lower than comparable designs.

Other offerings in this category:
Trophy Bonded Tip,
Nosler® Accubond®

ALL-COPPER TIPPED

- Copper bullet featuring a deep hollow-point cavity with a polymer tip
- Streamlined profile for better downrange performance
- Nearly 100% weight retention

Trophy® Copper
Sleek boat-tail design improves aerodynamics for less bullet drop and wind drift at long range.

ALL-COPPER HOLLOW-POINT

- All copper construction and hollow-point nose
- Consistent, lethal expansion
- High weight retention and deep penetration

Barnes® Triple-Shock® X
A grooved shank on this all-copper projectile improves accuracy across the widest range of factory rifles.

Other offerings in this category:
Power-Shok® Copper

CUP AND CORE

- Proven cup and core construction
- Combined uniform jacket and lead core
- Reliable accuracy and fast expansion

Berger® Hybrid Hunter
A hybrid tangent-secant ogive blends the profile of a low-drag match bullet with a traditional hunting projectile design to take on almost any game at long range.

Other offerings in this category:
Nosler® Partition®, Sierra® GameKing®, Power-Shok®, Non-Typical™

CUP AND CORE TIPPED

- Cup and core design
- Advanced polymer tip
- Flatter trajectories and rapid expansion on impact at longer range

Nosler Ballistic Tip Varmint & Predator
A thin, extremely consistent jacket maximizes accuracy and produces explosive expansion that drops predators and varmints where they stand.

Other offerings in this category:
Nosler Ballistic Tip, Federal Varmint & Predator Hornady® V-Max®
